

## **Exemplification Essay About Education**

Education is an important medium of acquiring essential knowledge and skills. It is more than just learning from books. It is an effort of the older generation to transfer their life wisdom to their offspring. Our world is constantly changing and developing so it is very important to teach and bring up intelligent people who could understand the problems of modern society and solve them in a proper way.

Education plays a vital role in shaping successful people. It gives us the opportunity to become a productive member of a civilized society by acquiring all the necessary skills. We learn how to meet challenges and overcome obstacles. We learn how to become an integrated personality and maintain the perpetuation of our culture. People learn basic norms, rules, regulations, and values of society through education. Moreover, high quality education enables us to lead a successful life, enhances our intelligence, skills, knowledge, and brings positive changes in our life.

Education lays the foundation stone for our future. An illiterate person can find it very difficult to cope with some aspects of life. Education expands our vision and creates awareness. It helps us develop a disciplined life and provides us with better earning opportunities. It enables us to know the world beyond our own surroundings. Education is also a prerequisite of the prosperity and modernization of any country.

Modern education is liberal, open, and exoteric. It is the premise of progress, in every family and in every society. It teaches people to reason. It is based on the humanism, freedom, equality, democracy, and human rights. The content of education keeps pace with the needs of modern society and is a mirror of its goals, values, and priorities. The present industrial society has opened up a plenty of occupations which require people with specialized skills and knowledge. So, education is a necessary means of eradicating the unemployment problem. It is able to reduce poverty in a number of ways. But we have to remember that there is a great need for the growth of the vocational education so that every person could pursue a fulfilling career that ensures a satisfied life.

Education is definitely important in one's life. A gift of knowledge can bring us to the top of our dreams. It leads us to the right path and gives us a chance to have a wonderful life. Education makes people capable of doing new interesting things that can go a long way to improving human living conditions and standards. Our whole life is the process of learning and gaining new useful knowledge. We should always remember that getting a good education is imperative in today's society as it is a foundation of our successful future. Our education is really worth investment. Only if you believe and work hard you can achieve anything.
